

Export Compliance Certification

The undersigned company understands that the products, services, software, source code, technical data, or technology (“Products”) purchased or received from ELCO Group, LLC including, without limitation, all of its subsidiaries whether currently or hereafter existing (“ELCO”), are subject to the United States Export Controls and Trade Sanctions (“US Export Controls”).

The undersigned company hereby represents and certifies that it assumes responsibility for compliance with all US Export Controls. It further certifies that it, or any entities at its direction or under its control, shall not sell, transport, ship, transfer, or otherwise provide Products outside the borders of the United States, or to a foreign person or entity, which are export or end-use restricted by US Export Controls or any applicable jurisdiction, without proper US government export authorization, licensing, and documentation.

ELCO will identify the export classification of Products on the commercial invoice and shipping documentation. Those items controlled by the Export Administration Regulations (“EAR”) requiring a license, as well as all International Traffic in Arms Regulations (“ITAR”) controlled articles, will require additional documentation prior to being released. If you require assistance determining the export requirements for an item purchased from ELCO, please contact our Foreign Trade Department (info@elco.aero).

If at any time the company becomes unable to meet the requirements listed in this certification, immediate notification in writing must be provided to ELCO. By signing this document, the signatory certifies that he/she has full authority to bind the company listed below and agrees to the terms and conditions on behalf of their respective company.
